# GRATER-SHREDDER POWER ATTACHMENT

OEM  
QUALITY

TWOYCO  
BRAND

**NSF**

Alfa's high-quality grater-shredder, the GS-12, can be used on mixers, choppers and power drives with a standard Hobart style #12 or #22 hub. Made of heavy-gauge polished aluminum and used by many manufacturers as original equipment, the GS-12's **hardened shafts** are machined to close tolerances for superior performance. These units come with a 3/16 shredder plate, safety latches and full instructions and are shipped in a strong packing box. Easy disassembly means clean-up is a snap!

*Note: Clean by hand, not in an automatic dishwasher. All hardware components are stainless steel. #12 size hubs are the most widely used size. Measure your equipment's hub to be sure before ordering.*

**WARRANTY: 6 Months**

**NOTE:** Our GS-12 & VS-12 Attachments also fit Hobart LEGACY Model Mixers.

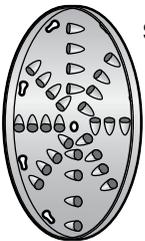

GS-12 /  
GS 22

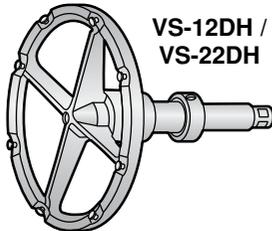

*Safety Note: Always Use A Pusher With These Units*

ALFA #	REPLACES HOBART #	DESCRIPTION	WEIGHT

**Most mixers have a  
size 12 power hub.**  
The 12 hub is 9/16" square.

**12**

**A few older 80- & 140-quart Hobart  
mixers have a size 22 power hub.**  
The 22 hub is 3/4" square.

**22**
