FIC Series, Remote, Counter High Merchandisers

**While everyone else says there optional...
only Marc offers these kind of features STANDARD!**

• Your Choice of Decor Matched Exteriors, FREE!

You can't name a color that is not available: *brilliant blue, green marble, honey maple, black...* Marc offers hundreds of decor matching exterior panels at no extra cost! Call us with your choice. We'll match it from our enormous collection of finishes, FREE!

• Quality Construction Insures Dependable Service

Mirror finish, stainless steel trim beautifully accents the decor matched exterior panels. A bright white aluminum interior provides for maximum light reflection for the highest visibility. The stainless steel bottom pan, along with a heavy gauge steel frame, insures years of dependable, rust resistant service.

• High Visibility Merchandising Features

The triple pane, thermoglass front is perfectly angled for the least amount of glare for optimum display. Full length lighting offers exceptional merchandising opportunities. In addition to our full deck, a large mezzanine shelf is included to maximize the product display area.

• Rigid Insulation Seals in Cold Temperature

Rigid fiberglass insulation supplies excellent protection against ambient temperature incursion. It is further sealed to insure that there is no moisture infiltration.

• Remote Refrigeration Offers Greater Capacity

Remote cases eliminate the compressor housing to fully maximize the complete storage compartments in the lower section.

• Gravity Coil Refrigeration for Proven Performance

The heavy duty, gravity fin-coil refrigeration system insures uniform product cooling without the presence of a harsh blower that keeps the product from drying out. The lower storage area has its own gravity fin coil. Each unit is proven reliable in all climates and is factory tested prior to shipping.

We reserve the right to change the specifications without notice.

Marc's FIC Series Remote Merchandisers are available in 4', 6', 8', 10' and 12' lengths!

model	height	length	depth	top access doors	condenser unit HP	electrical volts & amps	approx shppg wt
